When disaster strikes...help is on the way!

PSI Roofing & Restorations specializes in restoring condominium and commercial properties damaged by fire, water, wind and other natural disasters.

Our skilled and knowledgeable team can deploy with all the resources needed to minimize the effects of the loss to the property owner. Our rapid response helps eliminate secondary damage and assists in the successful resolution of the claim. With this unique perspective, the **PSI Restorations, Inc.** team understands the needs of the property owners we serve. We are committed to restoring every commercial or residential property to its pre-loss condition. We take pride in our reputation for superior workmanship, attention to detail and maintaining an unequaled level of customer satisfaction.

About PSI Restorations, Inc.

- Serving South Florida for the past 25 years (locally owned and operated).
- Over 100 employees locally and capability to additional crews through national partnership.
- PSI Restorations, Inc. has back-up power, fuel storage, re-enforced construction, off site computer information , and disaster plan all in place and ready in case of storm.
- Post hurricane operation providing temporary roofs, debris clean up, and board up services within 4 hours after the storm.
- PSI Restorations, Inc. owns all equipment to provide immediate service including: Cranes, service trucks, roll off truck, and dumpsters.
- Preferred vendor agreements for all roofing and restoration material.

PSI Restorations, Inc. Disaster Services

- Provide 24/7 emergency contact numbers, so we can respond immediately.
- Pre-Event contracts for your peace of mind.
- Fully staffed insurance estimators with over 50 years of combined experience.
- Provide line item estimates and communicate with insurance companies to expedite the claim approval and to get the property restored back to its pre-disaster conditions.

PSI Restorations, Inc. Disaster Services Cont'd

- Once the damage is mitigated we work on the communications with the carrier until they provide an acceptable estimate, rather than what most companies do, which is simply go like mad and do all the work, then bill the insurance company, and bill the client for anything the carrier does not cover.
- We do this because we make it our mission to treat others like we would like to be treated.
- Nationally recognized full service roofing, restoration, and maintenance departments including post event, fast effective temporary Roofs designed to last one year.
- Board up and debris removal services.
- Fully licensed and Insured General and Roofing Contractor able to perform complete restoration of property.

Preparation Before the Storm

- Call PSI Restorations, Inc. for a thorough inspection of roof and property.
- Pre-Event contract with PSI Restorations, Inc.
- Take pictures of property
- Review insurance policy for proper coverage.
- Have a disaster plan in place and distributed to residents.
- Secure all objects that may become airborne and trim landscaping.
- All important documentation in secure location.

Mitigation Following a Catastrophic Weather Event

- Assess immediate hazards and conditions at your property
- Contact PSI Restorations, Inc. and your insurance agent, to notify that you have sustained damage.

PSI Will:

- Takes pictures of damaged property.
- Mitigate damages by performing temporary repairs as required by your insurance policy to minimize and prevent additional damage.
- Gather historical documents as evidence of pre storm condition of property.
- Acquire engineer reports which document causation.
- Create estimates and invoice in accordance with unit cost which are nationally recognized by insurance industry.
